

## Bernardo Gómez González, PhD

**Dear members of the Academia de Ingeniería México:**

I am **Bernardo Gómez González**, an Academic Member and Candidate for **Secretary** of the Academia de Ingeniería México. I sincerely hope that you and your family are staying healthy and well through these trying times we are in right now; and I send my best wishes for the quick recovery of your loved ones if, unfortunately, they have been badly affected by the health crisis.

Here, I would like to present my ideas and proposal for an action plan to be carried out if I am elected Secretary of the Academy. I will be brief, as what matters is not the number of words, but how they turn into action.

You can find my thoughts and suggested courses of action in my biographical sketch, CV, and work plan. Through them, I want to express my commitment to participate proactively in the life and evolution of the Academia de Ingeniería. I am convinced that people do not transform institutions—it is institutions like ours, with a solid foundation, that transform their members and motivate them to give the best of themselves. For this reason, my offer is not to change the Academia de Ingeniería, but to contribute to the strengthening and development of this remarkable institution with my work, skills, and results.

I strongly encourage you to participate in this election process and, should you deem it appropriate, to vote for my candidacy.

I fully appreciate your attention, and please do not hesitate to contact me if I can be of any assistance.

A handwritten signature in blue ink, appearing to be 'BG' followed by a stylized flourish.

Bernardo Gómez González

Academic Member

Candidate for Secretary of the Academia de Ingeniería México.
